NATIONAL UNIVERSITY OF DEFENSE TECHNOLOGY
STUDENT ACADEMIC RECORD (ENGLISH TRANSLATION)

Name: Zhang Xueting   Department: Information System and Management   Specialty: Systems Engineering

1st Academic Year (2010-2011)				2nd Academic Year (2011-2012)			
Course Title	Class Hours	Record 1st	Record 2nd	Course Title	Class Hours	Record 1st	Record 2nd
Advanced Mathematics I	80	86		College Physics II	80	79	
Fundamentals of Engineering Drawing	40	79		Basis of Electric and Electronic Engineering and Circuit	50	86	
Basis of Computer	40	84		Discrete Mathematics	40	78	
College English	60	80		Document Writing	4	91	
Information Retrieval	4	A		College English	50	85	
Advanced Mathematics II	100		81	Probability and Mathematical Statistics	60		86
College Physics I	60		82	Fundamentals of Electronic Technology	50		94
College Chemistry	40		80	Basis of Operational Research	50		85.1
C++ Programming Design	60		85	Data Structure	60		87
Moral Cultivation and Law Basis	72		78	College English	50		91
				Outline of Chinese Contemporary and Modern History	52		91
				P.E. – Swimming	40		A

Grading System:

A: 90－100   Excellent   B: 80－89   Very Good   C: 70－79   Good

D: 60－69   Pass   E: 0－59   Fail

Date: 11/10/2016

NATIONAL UNIVERSITY OF DEFENSE TECHNOLOGY
STUDENT ACADEMIC RECORD (ENGLISH TRANSLATION)

Name: Zhang Xueting　　　　Department: Information System and Management　　　　Specialty: Systems Engineering

3rd Academic Year (2012-2013)				4th Academic Year (2013-2014)			
Course Title	Class Hours	Record		Course Title	Class Hours	Record	
		1st	2nd			1st	2nd
Basis of Biology	30	87		Essentials of Systems Science	4	A	
Basis of Applied Operational Research	40	99		Case Analysis of Systems Engineering	40	A	
Principles of Systems Engineering	50	95		Systems Engineering for Weapons	40	91	
Principles and Application of Database	50	87.3		Systems Engineering for Logistics	30	99	
Mao's Thought and Socialism with Chinese Characteristics	82	88		Basis of Combat Simulation	30	98	
Topography	28	88.5		Basis of 3S Technology	40	90	
Introduction to Information Technology	30		99	Computer-aided Systems Engineering	30	97	
System Emulation	50		95	Graduation Internship	3		B
Fundamentals of Operating System Application	40		95	Graduation Design (Thesis)	14		A
Principles and Application of Communication Network	60		87				
Reliability of Equipment and Integrated Support	50		91				
Decision Theory and Method	40		100				
Contemporary World Economy and Politics	42		89				
Basis of Joint Operations	28		90				
Integrated Experiment of Hardware Basis of Information Systems Engineering B	2		A				
Applied Statistics	50		94.7				

Date of Admission: September 2010
Date of Graduation: June 2014

Date: 11/10/2016
